- **Quality Metrics:** Moisture <10%, Oil Content >6%, intense aroma
- **Packaging:** Gunny bags, cartons, retail pouches
- **Certifications:** APEDA, Spice Board, NABL Lab-tested, organic options
- **MOQ:** Negotiable per grade/order

About Our Spices & Sourcing

Our turmeric is sourced from the famed regions of Salem, Erode, and Sangli—areas known for producing vibrant, high-curcumin turmeric. Cardamom comes from Kerala's Western Ghats, where unique soil and climate yield the world's most aromatic pods. Ethivue Global maintains close relationships with farmers and certified processors to ensure product traceability, purity, and compliance with international standards.

Processing Steps:

1

Turmeric

Harvest, wash, slice, steam sterilise, grind, rigorous lab testing, bulk packaging

2

Cardamom

Hand-harvest, dry, sort/grade, pack, lab-tested for oil content/aroma

Quality & Certifications

Our commitment to excellence is backed by rigorous quality controls and industry-leading certifications, ensuring every product meets the highest standards.
